Conveyor to Pallet Load Transfer System Model LP-775

Phone: 724-658-4516 ■ Fax: 724-658-5100 ■ E-Mail: [ncco@newcastleco.com](mailto:ncco@newcastleco.com)

## Features

- Automatic in-line operation
- Tines lift and transfer product
- Automatic pallet dispenser

## Description

The LP-775 automatically transfers unitized product to a pallet with hydraulic lifting tines.

## Operation

First, unitized product is conveyed into position over the lifting tines. The tines then lift the product from the conveyor and a single pallet is dispensed and automatically positioned under the suspended load. The tines retract and strip the load onto a pallet.
