Adjustable Pallet Dispenser Model 50-57A

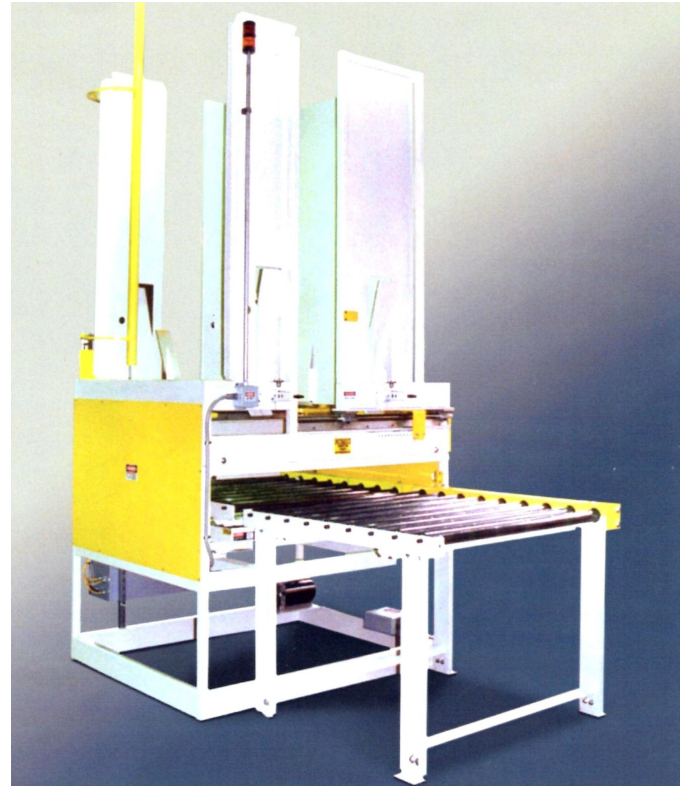

Phone: 724-658-4516 ▪ Fax: 724-658-5100 ▪ E-Mail: ncco@newcastleco.com

Features

- Handles a wide range of pallet sizes
- Adjusts easily
- Loads with a fork truck

Description

The 50-57A is an adjustable dispenser designed to handle a range of pallet sizes. After setting the guides, a fork truck is used to load the magazine. The bottom pallet is removed with a set of holding bars and a hydraulic lift. The single pallet is discharged with a powered conveyor installed in the dispenser.
